

## Business

Nothing is more valuable than  
Recommendations and Referrals.

But there is that primal adage in business:

**Ask For The Order**

So I am.

Keep this Reminder Slip and when you  
think of a commission, an association  
or companies who are having or who  
annually have meetings, please send a  
name, number or contact.  
OK?

For more Intimate Sales Training,  
the names of contacts at companies  
with a sales force, large or small  
would be appreciated.

Love doing them both!

This is not a time-limited offer.  
Keep the reminder as long as you want.

Clara.
